## WASHINGTON. THE FATHER OF THE MOVEMENT FOR

EIGHT HOURS. Something of His History-Hon. John W. Daniel's Successor in the Rouse-

Personal Notes. [From Our Regular Correspondent.] WASHINGTON, May 3 .- The eighthour work-day has to all appearance been put in force here without a ripple of excitement. The father of the movement is a Virginian, or at least his voting-place is Warrenton, in that State. His name is Edmonston, and he is at present an employe of the House of Representatives. Mr. Edmondston is a small, determined man about forty-six years of age. A native of this city, he crossed the river at the beginning of the war and followed the fortunes of General Lee's army until taken prisoner near the close of the great struggle. No chapters of romance within the realms of the possible can exceed the thrilling adventures of this man's life during those stormy days. At the con-clusion of peace he returned to Washington, and, taking up his old tradethat of carpenter-began agitating the movement which culminates all over the Union to-day among the lahours of labor. He is a bright, intel-ligent man, whose opinion has been sought in public and private by Sena-

and his testimony on the relations beconvincing. The question of a successor to the scat of Major Daniel in the House is beginning to be discussed. A gentleman from Halifax county informs me that there is a strong probability, from the present outlook, that every county in the Sixth district will present a name backed by a solid county delegation. Halifax county is booming State-Senator Paul C. Edmunds for the place. Lynchburg will present Mr. Diggs. Botetourt has united on Mr. Figgat, and Montgomery Mr. J. Hampton Hoge.

tors and Representatives seeking a solu-

tion of the vexed question. He was summoned to New York in 1883 to ap-

pear before Senator Blair's committee,

Tower, W. B. Isaacs, and Major Courtvey were here to-day as a committee representing the Masonic Grand Lodge Virginia, examining the Masonie Temple with a view to selecting a plan for a building at Richmond. They left this evening for Baltimore, Philadelphia, New York, and Boston on a tour Judge John A. Campbell, of Abing

don, who has been very ill at the Clarendon Hotel here, was taken to his home, in Virginia, yesterday. His con dition is very little improved. Governor Fitzhugh Lee was in the

city to-day.
Hen. Robert C. Winthrop, who year ago was to deliver the oration on the dedication of the Washington monument, is in the city. On that occasion he was reported dying. To-day he is

hale and hearty.
Mr. Randali's Appropriation Committee was in session at 9 o'clock this

The Washington Post inspired a dramatic scene in the Senate to-day. In an item Sunday it stated that Senator Riddleberger, on receiving a verbal notice from Senator Ingalls to be present at a meeting of the District of Columbia Committee to-day to confirm the nomination of Matthews, the colored Recorder of Deeds, replied that he would not belp make up a quorum for eny such purpose. Senators Riddle-berger and Ingalls denied the state-C. H. Allen, of Richmond, is here,

and is said to be in good luck. Senator Vance, of North Carolina introduced two memorials from negroes of that State for means to emigrate to

Liberia. As predicted, the Senate Committee Coast Defence failed to secure a quorum to-day. The House bill on the subject has not yet been presented, and it is intimated that that committee is also at loggerheads on the subject. Findlay, of Maryland, intro-

duced a bill repealing the taxes, special and otherwise, upon manufactured to-bacco of all kinds; also, a bill repealing section 3387 of the Revised

introduced a bill for the construction of a light-house off Cape Hatteras. Hons. George C. Cabell and C. T. O'Ferrall are out of the city.

Major Daniel has gone to Lynchburg. Mr. Wise, of Virginia, introduced a bill repealing certain sections of the Statutes requiring inspection of tobacco for exportation and providing that the cost thereof, if any, be borne by the Internal-Revenue Department.

Mr. Randall then made an ineffectual effort to secure an adjournment, and Mr. Lanham, of Texas, was recognized to move to suspend the rules and pass the bill for the erection of a public building at El Paso, Texas, at the ultimate cost of \$150,000, but on seconding the motion no quorum voted, and the House, at 6:15 o'clock, adjourned.

Northern Settlers-Military Parade-The Municipal Election-Studden Death, &c.

PETERSEURG, May 3, 1886. The "Violet-Bank" farm, in Chesterfield county, near this city, containing 159 acres, was sold at auction on Saturday afternoon, and was purchased by Mr. W. N. Haskin for \$4,800. The same farm a few years ago brought \$12,000. It is situated on the Chesterfield Heights, overlooking the Appomattex river and commanding a fine view of the city. It was for many years the home of the Gilliams, and has interesting historic associations.

There are located in Chesterfield county, very near this city, four Michigan families who have recently settled there. And it may be added that in the same vicinity several other northern families have recently purchased farms. The Peninsula Guards, of Hampton, have written word that they will be unable to participate in the military parade in this city on the 9th of June, on the occasion of the memorial exer-cises in honor of the Confederate dead in Blandford cemetery. But the military display will nevertheless be imposing, as most of the companies of the Fourth Virginia regiment and several independent commands have accepted invitation to be present. The of-June celebration this year will be more elaborate than it has been for many years.

box-sheet for the musical festival to be held here next week was opened this morning, and before noon ver \$2,000 of seats had been reserved. The indications are that the Academy of Music will fall far short of accommodating all who will apply for tickets. The desire to obtain choice seats was so great that persons were engaged to take their places in front of the box-sheet office on Saturday night and Sunday and to remain there with the view of getting the earliest choice of seats.

Mr. James M. Leath, a dry-goods merchant of many years' standing in this city, has made an assignment. His liabilities are placed at about \$10,000. His creditors are mostly in Baltimore

and northern cities.

The Republicans of this city have been called to meet in their respective wards on Wednesday night to elec delegates to the convention to be held on the following day to nominate a mu-nicipal ticket; also, to elect delegates to nominate the Council ticket. convention will be composed of one half white and one half colored delegates. It cannot yet be told who will e nominated for mayor. The friends of Messrs. T. J. Jarratt and James D. Bowie both claim the success of their favorite. All the present incumbents in office are candidates for renomination, but it is probable that the con-

of the colored brethren. There were two fires in this city last evening; one at the residence of Mrs. Thomas Shanks, on Old street; roof partially destroyed. By the other the carpenter-shop and kitchen of Edward Brooks, on Shore street, were burned, and his dwelling seriously damaged. This fire was the work of an incendiary. Brooks and his wife were both away at the time, and their children alone were in the house, and had to be taken out by the neighbors. There was no insurance on his property.

A very sudden death occurred at the Harrison-Street (colored) Baptist church yesterday morning during the service, which caused much feeling among the large congregation present. There was to be baptizing, and among the candidates was one of the children of Patsy Brander. The latter, while dressing one of the candidates, and probably being excited in view of the exercises, fell to the floor, and was carried out to the street in an insensible condition. She died as soon as she reached the street, and her body was carried home. She was about sixty-five years old. It is reported that another member of the church was taken ill during the services and had to be car-

ried home. The suit of William Johnson (co ered) for \$10,000 damages against the Norfolk and Western Railroad Company, which was set for trial in the Hustines Court to-day, was continued until the July term of the court by reason of the absence of counsel.

WORKINGMEN'S PARADE IN BALTI MORE.

BALTIMORE, May 3.—The parade of workingmen this afternoon was the largest of its kind ever witnessed in Baltimore. It was under the direction of the Canmakers Protective Union, but many others Joined, until the line, when fully formed, consisted of about six thousand men. One of the features was the presence of nearly two thousand colored brickmakers and helpers in the brick-yards, and these were about the centre of the line. There were included also the house-carpenters, who struck to-day because the employers would not allow eight hours for a day's work—iron-moulders, varnishers, boxmakers, furniture, workers, bakers, taliors, plano-makers. Socialistic-labor party, shoemakers, furniture, workers, bakers, taliors, plano-makers. Socialistic-labor party, shoemakers, and others. Bands of music and drum corps were scattered through the entire length of the line. Thousands of people filled the sidewalks of the streets through which the procession passed, and good order was preserved. After traversing the principal streets of the city a maren was made to Schuetzen Park, at the northest suburb of the city, where addresses were made by several of the oilleers of the Knightsof Labor.

To-day there are very few house-carpenters at work, some sixteen hundred having refused to work for \$2.50 for nine hours as offered by the employers, preferring \$2.25 for eight hours. Only on buildings which are being creeked by coatract is any work being done. BALTIMORE, May 3 .- The parade o

SUSPENSION OF BUILDING IN WASH INGTON.

WASHINGTON, May 3 .- There is Washington, May 3.—There is a very general suspension of building hers to day, but there is no evidence of troube. Men who quit work or are locked out have kept off the streets and away from the usual places of work. Wherever work is in progress in building trades it is under the eight-hour rule. In some trades eight hours were established some time ago—the placerers as long ago as last fail. The number of men at work is very small compared with the usual number.

There is almost a universal movement among the workmen to enforce the "worknen to enforce the "worknen" system, and there are numerous

# unness Are Asked?

On the 23d of April the Court of Appeals awarded a rule against the jailer of Alexandria county to show cause why a writ of habeas corpus should not issue upon the petition of James H. Hellar who is held for trial for murder The rule was returned on yesterday, when Messrs. Stuart and Herbert, of Alexandria, appeared as counsel for the petitioner, and the Attorney-General for the jailer.

The Court, after hearing the argument of counsel, awarded the writ re-turnable on Thursday the 6th instant. The return of the jailer shows that the petitioner is held by him pursuant to the commitment of a justice of Alexnetitioner has never been in court since

his commitment. The record shows that the case has been continued from time to time, but does not show for what cause or upon whose motion the continuances were granted. The grounds relied upon by the petitioner are that four regular terms of the court at which he might have been tried have passed, and that he is entitled to be forever discharged from the prosecution under the statute.

The Attorney-General maintained that whilst the record did not show that the continuances were granted upon motion of the petitioner, such was the fact, and offered affidavits to sustain this. The counsel for petitioner insisted that such evidence was inadmissable, and that, as the return showed he never had been brought into court, he could not have made the motion.

The Attorney-General insisted that he motions for continuance might lawfully be made by counsel in the absence of the accused. The case will be finaly heard when the writ is returned on I hursday.

Should the Court hold that the presence of the prisoner in court is necessary upon a motion for a continuance, i is asserted that it will have a mate ial bearing upon the cases against Wilism R. Smith in the Hustings Court of this city, which have been continued a number of times by his counsel without his presence in court.

cent elections to be paid. Payment will commence at the Auditor's office te-morrow. An entertainment will be given at the Second Baptist church to-night by the Young Men's Christian Association of that church. Readings by Rev. H. S. Lobingier and vocal and instrumental

music may be expected. Sergeant Robert J. Brooks, who was shot several weeks ago by the burglar Shaw, was well enough to go out driving Sunday, and walked yesterday from his home, 420 north Nineteenth street, to Ninth and Main and back.

The Bassar.

The Union Bassar drew a much larger crowd last night than it has had any night since it opened. The boys of the Male Orphan Asylum were present and went through the evolutions

of their drill quite creditably. R. E. bere. He was a graceful writer, and a Lee Camp, Confederate Veterans, were most accomplished and amiable gentle-

The American brig Agnes Barton, 380 tons, from New York via Richmond for Santos, Brazil, cleared yesterday with 2,000 barrels flour, valued at 89,825, shipped by Messrs. Dunlop & McCance, the Haxall-Crenshaw Company, and Baltimore mills.

There was a good audience at the Theatre last night to witness "The dikado " as given by the Alfa Norman Opera Company. Taken as a whole the performance was very en-joyable, the audience evincing their easure by frequent applause. Alfa Norman makes an excellent Yum-Vum. She since well and acts the part with tacte. Miss Dickie Martinez gave a very pleasing portrayal of the chiracter of Pitti-Sing. Mr. Henry Hal-lam (Nanki-Poo) is a graceful actor, and has a sweet tenor voice, which he uses very effectively. Miss Annie Maxwell (Katisha) is a fine vocalist, as is also Mr. Ellis Ryse, who took the part of The Mikado. Mr. Ryse has a bass voice which is of great power and com-pass and very melodious. Messrs. Mor-ton (Ko-Ko) and Peakes (Pooh-Bah) had an amusing conception of their characters. The chorus is good and the stage-

setting quite pretty.

The Mikado will be repeated to-night.

NEW YORK STOCK MARRET.

New York, May 3.—The new week opened at the Stock Exchange with a much more active market, but trading was throughout the day at the expense of quotations. At the opening there was very little difference from the closing figures of Saturday, and in some cases slight advances were made in the first few minutes, but this was followed by a decided break among the most active stocks, which continued until after 11 octock. From that time until 1 P. M. the market was more quiet and prices comparatively steady, although the tendency was towards lower figures. Renewed weakness was developed later, and the movements during the remainder of the afternoon were decidedly irregular; but activity and weakness went together, white dubiess, with comparative steadiness or slight advances, was the feature. Three stocks—Lackawanna, St. Paul, and Lake Shore—contributed 40 per cent, of the day sunsiness, and three others—New York Contral. Northwestern, and Union Pacific—15 per cent, more, or making 213,170 shares of the six stocks mentioned against the total of 396,000. Active stocks, as a rule, were also conspicuous for breaks made, Lake Shore closing with a net loss of 1½ while New York Central is down 1½—at a shade above the lowest price of the day. Constitute of the closed gas continued to decline heavily, with a net less of 3½. Pacific Maia also lost 1½ were also conspicuous for breaks made, Lake Shore closing with a net loss of 1½ while New York Central is down 1½—at a shade above the lowest price of the day. Constitute the lowest of the day.
